*Tanner Welch
213-6567*

Hello,

It's been awhile since we've communicated our progress on this project. It's fair to say, we've not been idle. We continue to design the project and continue to promote and market out in the community. We continue to grow in volunteers that now measure 30 strong and continue to grow daily.

These volunteers are supporting this project in four (4) basic areas.

- 1) Promotional & Fundraising Activity
- 2) Design / Development Activity
- 3) Operations Activity
- 4) Pro-Shop Activity

In the near future, I will be contacting each of you about setting up regular meetings as a committee to ensure coordinated activity. I know all of the volunteers, but each of you may not know about the others.

One of the reasons we've set up the Board Meeting on March 15, 2007 is to ensure we meet each other and know who's involved in the 4 activities listed above. With the wonderful growth of volunteers, that we knew would happen, it's important that we work together as a unit. I look forward to each and every one of you attending the Board of Director's Meeting. As you know, food and refreshments will be provided in recognition of your efforts.

Please find attached "Committee List of Activities" that all of you have been involved in one or more of these. Should you find someone else that is interested in participating in one of these committees, you are

Dates to Remember

Board of Director's Meeting / Social Event	March 15, 2007
Ground Breaking Event	April 10, 2007
Extravaganza Fundraiser Event	May TBD, 2007

After careful consideration, I would like to welcome Randy Belles of Robl Construction as our General Contractor for this project.

Robl Construction, Inc.
Randy Belles, Vice President
Phone: (316) 942-7625
belles@roblconstruction.com

Randy will be responsible for helping us achieve our development schedule which has us presently breaking ground on April 10, 2007. We would like to have all the volunteers attend this Ground Breaking event. We will send more information on this at a later date.

I also want to introduce two (2) new partners in the company; Ben Wilson and Tanner Welch. Both work for Decker Electric and are working many hours to ensure the completion of this project. Both are former baseball players for Wichita State University and are completely tied in with all aspects of the project. Both have a knowledge and driven interest in this project. If you cannot get a hold of me, please free to call either Ben or Tanner.

Ben Wilson @ 841-5772
Tanner Welch @ 213-6567

As one of our marketing tools, we have developed a DVD that fly's through the facility. It is available for your use if you wish to present to potential contributors. Please contact Galen Worley or Margo Landis for a copy.

May Extravaganza: Another key date to put on your calendars. The Extravaganza will be our opportunity to present our project to Wichita and the surrounding communities to promote our project. We are anticipating a huge turnout and would like as much volunteer help as we can assemble to prepare this event.

If you are interested in volunteering to help, please contact:

Margo Landis @ 841-3659(mobile) 523-3897(work), or
Shelly Belles @ 305-1880(mobile) 722-1501(home) or 526-3378(work).

Looking forward to meeting everyone at the Board of Director's meeting in March. You can expect to hear from us more frequently about the progress were making and about the progress of the various committees that we've assembled.

Thanks,

Galen
